

Overview

At St Catherine's in expressive arts and design we cover aspects of Art and Design Technology. We learn about to express our feelings using colour and different mediums. We also learn how to construct and work as a team to complete a project.

In the EYFS, early art knowledge is based within 'Communication and language', 'personal, social and emotional development' and 'Expressive arts and design' learning areas.

Being imaginative

Using your imagination is about creating your own new things. Children are encouraged to create their own models and designs through construction activities. Children are encouraged to work together to complete large tasks.

Materials

Children use a range of materials to create pictures and models. Children are taught how to use different products and are allowed to practice to find the medium that they prefer.

Materials include:

- Paintbrushes
- Sellotape
- Masking tape
- PVA glue
- Prit-stick
- Tissue paper
- Wax crayons
- Oil pastels
- Felt tips
